June 25. 1872

My dear Booth,

Your letter received by Rogers & supply think you can be absent for ten days or more with perfect propriety -

It appears to be better under all the circumstances that I should say this much to you in strict confidence. The M & K. - practically is practically the head of this institution this interests are carefully guarded in every thing, adjustment, assay &c not impropperly I think. Except that it is contrary to law and regulations. We shall forward up items of samples occasionally in excess of the reported samples at annual settlement & to that extent a blockage - There will have to be a general modification

and amendment of regulations —

I think you may go
away feeling perfectly easy —

Please address me
at this care of Washington Hotel
Phila: as to when you this
ship at Atlantic City, as I
may desire to send my Son
down next week.

Ry Rogers begs to
know you have every thing in
shape for us to go on with
our explanations on our
return to Phila.

Yours Truly
H Rowland

25. June. 1872.

Dr H-R. Linderman

New York.
